Body Measurements

Below is a body measurement guide to illustrate the measurement points that our Design and Pattern Making teams work from to create .PHOENIX. designs. These points of measurement are also illustrated on the image below to help when measuring on your body.

How to Measure

1. Bust

Measurement of the bust is taken at the fullest part with arms positioned down.

2. Waist

This is the measurement around the narrowest point of the true waistline.

3. Hip

Measurement around the fullest part of the hip.
